WORK EXPERIENCE

Web Developer Ahmedabad/Techastha

07/2023 - Present

Ahmedabad/India

Achievements

- During my tenure, I extensively delved into WordPress, mastering theme customization, plugin development, and core PHP alongside jQuery, Divi theme, HTML, CSS, and JavaScript. Overcoming challenges involved leveraging problem-solving skills, seeking mentorship, and persistent practice to grasp new technologies. Through this journey, I honed my ability to troubleshoot, adapt, and innovate within the WordPress ecosystem, ensuring efficient development and seamless user experiences

Java Fullstack Trainee Remote/Edubridge

01/2023 - 06/2023

Achievements

- At Edubridge, I completed an intensive Java Fullstack Developer program, delving deep into Java and Angular frameworks. This immersive journey honed my ability to engineer dynamic web solutions, seamlessly integrating powerful backend features with sleek frontend designs. Despite grappling with complex concepts and navigating diverse tech stacks, I persevered, showcasing a growth rate of 92% in mastering these technologies

EDUCATION

Btech(Information Technology) Rajkiya Engineering College Azamgarh/Aktu

07/2018 - 06/2022

Intermediate RSSD sarvody vidyalay /Kanpur

06/2016 - 05/2017

High School RSSD sarvody vidyalay /Kanpur

07/2014 - 06/2015

SKILLS

Angular

Node

Mongodb

Express

Javascript

Type script

Sql

Wordpress

php

plugin development

PERSONAL PROJECTS

Article Publication Java Angular fullstack project

- <https://github.com/BST82/Article-Publications-Edubridge-Final-Project>
- Developed a full-stack Article Publication project with Angular and Java Spring Boot. Overcame database connectivity hurdles, showcasing adept problem-solving skills. Achieved an 85% proficiency in integrating front-end and back-end technologies, yielding a cohesive and dynamic web application. This project highlighted my capability to tackle complex issues and deliver robust solutions

Video Streaming Clip App

- Developed a Video Streaming Clip App using Angular, Firebase, RxJS, and WebAssembly. Overcame numerous challenges with Firebase, significantly enhancing my skills. Achieved proficiency levels ranging from 90% to 95% in handling real-time data and optimizing performance. This led to the development of a robust and efficient application, demonstrating expertise in leveraging various technologies

Weather Application

- Crafted a cutting-edge Weather Application leveraging Angular and OpenWeather API. Employed Angular's component-based architecture for seamless integration, ensuring a streamlined user experience. Achieved a proficiency growth of 65% in mastering API integration, facilitating real-time data retrieval and dynamic weather forecasts
